

# M.D. STETSON

## ADHESIVE REMOVER

A highly-effective formulation that can be used for the removal of natural and synthetic adhesives. For use on labels, stickers, tape, bumper stickers, etc.

### DIRECTIONS FOR USE

Wet adhesive with undiluted solution. Let stand for 5 - 10 minutes.  
Scrape off residue with knife or scraper.  
Repeat, if adhesive residue is present after initial removal.

Refer to the safety data sheet (SDS) for detailed safety, health and environmental information.
