

M.D. STETSON

CITROSOLVE

Citrosolve is a natural citrus base all purpose cleaner designed for environmental safety. The superb cleaning action of this product is provided without the use of acids, alkalis or petroleum solvents. Citrosolve is primarily a highly efficient all purpose cleaner. An excellent cleaner for use on resilient tile, masonry and concrete floors. This product can also be used to clean and remove lime soap build-up from shower walls and tile surfaces. Citrosolve is also great for deodorizing dumpsters. Citrosolve used at slightly higher dilutions will dissolve oil, grease, and grime on contact to be easily wiped or rinsed away. Use as a degreaser on engines, machines, automotive parts, range tops and exhaust hoods. You will find this product to be a heavy duty cleaner that will also remove tar, asphalt, rubber tire marks, graffiti, magic marker, vinyl paint and candle wax.

DIRECTIONS FOR USE:

Resilient Tile Floors: use 1/2 – 1 oz. Citrosolve per gallon of water for damp mopping or for use in automatic scrubbers.

Masonry and Concrete: use 1 – 2 oz. Citrosolve per gallon of water for damp mopping

Grease and Tar Removal: For heavy duty cleaning on unfinished masonry and concrete floors use 3 oz. Citrosolve per gallon of water. For kitchen ranges and exhaust hoods use 5 oz. Citrosolve per gallon of water.

Restrooms: For tile floors and shower walls use 1 oz. - 2 oz. Citrosolve per gallon of water for cleaning and deodorizing.

Other Uses: Use full strength to remove glue and adhesives from tile backing, or to remove graffiti from many surfaces. Always test an inconspicuous area before use.

Caution: This product will remove floor finish. Do not use full strength. If spilled, wipe up immediately.

Please refer to Stetson's "Catch the Training" Daily Floor Care and Scrub & Recoat training guides for detailed instructions.

PACKAGING:

Available in 1 gallon jugs, 5 gallon pails, 30 and 55 gallon drums. Label directions, cautions and first aid in English and Spanish.

SPECIFICATIONS:

Color	clear orange
Odor.....	orange citrus
Specific gravity	0.947
pH	9.3
Weight per gallon	7.9 lbs.
Flash point (T.C.C.)	200° F
Stability	30° F to 130° F
Water Solubility.....	complete
Biodegradability	100%

Refer to the material safety data sheet (MSDS) for detailed safety, health and environmental information.

CAUTION: Combustible liquid. Keep away from flames, sparks, and high heat. Always keep container closed when not in use. Harmful or fatal if swallowed. Keep out of reach of children. Avoid eye and skin contact. Read MSDS before use. For use only by trained professional cleaning personnel.

FIRST AID: In case of eye contact, flush with plenty of water. If irritation persists consult a physician. In case of skin contact, wash thoroughly with water. Wash clothing before reuse. If swallowed, drink plenty of water. See a physician.
