

M.D. STETSON

LATHOL LIQUID HAND SOAP

Lathol Liquid Hand Soap is a refreshing washroom soap compounded from the purest coconut castile oil base. Specially formulated with natural glycerin that acts as an emollient to relieve and prevent chapping on sensitive skin. Lathol's lotion-like suds leaves skin feeling soft and velvety smooth. Plus, Lathol produces a heavy lather that quickly and efficiently removes soil. Lathol is sequestered for use in hard water, and is biodegradable.

DIRECTIONS FOR USE:

- Wet your hands with clean, running water (warm or cool), turn off the tap, and apply Lathol to hands.
- Lather your hands by rubbing them together with the soap. Be sure to lather the backs of your hands, between your fingers, and under your nails.
- Scrub your hands for at least 20 seconds.
- Rinse your hands well under clean, running water, starting from arms and wrists down towards fingers.
- Dry your hands using a clean towel or air dry them.
- To avoid cross-contamination, use a paper towel to shut off the water.
