

PRODUCT DATA SHEET

BLUE J FORMULA

A highly concentrated, all purpose, neutral detergent with a unique blend of fast-acting surfactants. Cleans thoroughly and easily without rinsing. Recommended for cleaning composition, resilient, dimensional stone and masonry floors, with or without floor finish. Use with any type of cleaning tool, such as an automatic scrubber, pressure washer, mop or brush.

Highly effective at removing all types of soils including grease, oils, smoke deposits and carbon char. Use as an all purpose cleaner on almost any hard surface including ceramic tile, kitchen stoves, windows, Plexiglas, and counter tops. Also a highly effective detergent for washing cars and trucks. Does not contain alkaline detergents or glycol ethers. Repeated use will not cause corrosion of aluminum truck bodies or etching on glass counter tops and ceramic tile.

DIRECTIONS FOR USE:

For use in auto scrubbers or damp mopping light soil: use ½ – 1 oz. Blue-J Formula per gal. of cold water. No rinse is required.

For damp mopping normal to heavy soil: including grease: use 1 – 2 oz. Blue-J Formula per gal. of cold water. No rinse required.

For deep scrubbing floors finished with floor finishes with an autoscrubber: use 2 oz. Blue-J Formula per gal. of cold water. Apply the solution without the vacuum system and the squeegee in the up position. Double scrub the area then vacuum up the solution. Final rinse with Winterclean before applying floor finish.

For deep scrubbing floors finished with floor finishes with manual equipment: use 2 oz. Blue-J Formula per gal. of cold water. Apply the solution with a mop or applicator. Double scrub the area with a floor machine and then pick up the cleaning solution from surface with clean mop or wet-vacuum. Final rinse with Winterclean before applying floor finish.

For general all purpose spray and wipe cleaning on most hard surfaces: use 2 – 4 oz. Blue-J Formula per gal. of cold water. Spray on surface, let dwell and wipe clean with a cloth or paper towel. No rinse is necessary.

For extremely heavy soil and to remove smoke damage: use 4 – 6 oz. Blue-J Formula per gal. of cold water.

NOTE: A clear water rinse is recommended when using the 4 – 6 oz. dilution.

SPECIFICATIONS

pH as supplied.....	9.0 - 10.0
pH dilution.....	7.8
Specific gravity	1.009
Color	blue
Odor	mint
Content	8.5% active ingredients
Freeze stability	not applicable
Storage stability	not applicable

Refer to the Safety Data Sheet (SDS) for detailed safety, health and environmental information.

PACKAGING

Available in 1 gallon plastic jugs, 5 gallon pails, 55 gallon drums.
