

SECTION 1: Identification

Product Name	Car & Truck Cleaner	Item Number	CARNTR
Recommended Use	Vehicle body cleaner		
Supplier	Next-Gen Supply Group 11 Norfolk Street Mansfield, MA 02048 877-452-6726	Emergency Telephone	
		INFOTRAC: 1-800-535-5053	

SECTION 2: Hazard(s) identification

WARNING 	Hazards not otherwise classified or not covered by GHS		
	Right to know chemicals		
Hazard Statement	Hazard Class (GHS Chapter)	Hazard Category	
Causes skin and eye irritation	Skin irritation (3.3) and serious eye irritation (3.3)	2(skin)/2B (eye)	
Harmful to aquatic life	Hazardous to the aquatic environment, acute hazard (4.1)	3	

Precautionary Statement

Wash hands thoroughly after handling.
 Wear protective gloves/protective clothing/eye protection/face protection.
 For skin contact, wash with plenty of water.
 For eye contact, rinse carefully with water for several minutes. Remove contact lenses if easy to do and continue rinsing.
 Avoid release to the environment.
 If skin irritation occurs, get medical attention.
 If eye irritation persists, get medical attention.
 Remove contaminated clothing and wash before reuse.
 Dispose of contents and container in accordance with local/regional/national regulations.

SECTION 3: Composition/Information on Ingredients

Chemical identity	Common name, synonyms, etc.	CAS #	%
Disodium Capryloamphodipropionate	Mackam	68815-85-4	10-13
Cocamide DEA	N,N-bis(2-hydroxyethyl) cocoamine, Coconut diethanolamine.	68603-42-9	2-3
Dipropylene glycol monomethyl ether	Dowanol DPM, DPM, Aracosolv DPM	34590-94-8	2-3
Diethanolamine	DEA	111-42-2	2-3

SECTION 4: First Aid Measures

If medical advice is needed, have product container or label at hand.

Necessary measures for routes of exposure	IF SWALLOWED: Rinse mouth. DO NOT induce vomiting. Call 911 or emergency medical service.
	IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs, get medical attention.
	IF INHALED: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing.
	IF IN EYES: Rinse carefully with water for several minutes. Remove contact lenses if easy to do. Continue rinsing.
Most important symptoms/effects, acute and delayed.	Acute exposure may cause skin irritation or minor eye irritation.
Immediate medical attention and special treatment, if necessary	Move victim to fresh air. Call 911 or emergency medical service.

SECTION 5: Fire-fighting Measures

Suitable extinguishing media.	Dry chemical, CO ₂ , alcohol resistant foam or water spray
Specific hazards arising from the chemical	None. Move containers from fire area if you can do it without risk
Special protective equipment and precautions for fire-fighters.	Wear positive pressure, self-contained breathing apparatus (SCBA). Wear chemical protective clothing specifically recommended by the manufacturer. It may provide little or no thermal protection.
Emergency Response Guide Number	Not determined.

SECTION 6: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures.	Protective gloves and eyewear are recommended.
Environmental precautions.	Prevent entry into waterways, sewers, basements or confined areas
Methods and materials for containment and cleaning up.	Stop leak if you can without risk. Prevent entry into waterways, sewers, basements or confined areas. Absorb or cover with non-combustible absorbent material and transfer to containers.

SECTION 7: Handling and Storage

Precautions for safe handling.	Do not eat, drink or smoke in areas where this material is used. After handling, wash hands thoroughly with soap and water. Use only with adequate ventilation/personal protection.
Conditions for safe storage, including any incompatibilities.	Store containers in a cool, dry, ventilated area away from sources of ignition and incompatible materials. Keep containers tightly closed and properly labeled. Do not store in metal or aluminum containers. Avoid strong oxidizing agents.

SECTION 8: Exposure Controls/Personal Protection

Component	CAS #	Type	Value	Basis
Diethanolamine	111-42-2	TWA	1.00mg/m ³	USA, ACGIH Threshold Limit Values(TLV)
Remarks: Liver damage, kidney damage, confirmed animal carcinogen with unknown relevance to humans.				
		TWA	3.00 ppm	USA NIOSH Recommended exposure limits
Remarks: Eye, skin and upper respiratory tract irritation				
Control parameters	Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and after the workday.			
Appropriate engineering controls	Provide local ventilation. Respiratory equipment is not required. For nuisance exposures use type OV/AG (US) respiratory cartridges.			
Individual protection measures	Handle with gloves inspected prior to use. Avoid skin and eye contact with this product. Long term exposure could irritate skin and eyes.			

SECTION 9: Physical and Chemical Properties

Appearance	Blue clear liquid	Specific Gravity	1.01-1.02
Odor	Soap type	Boiling Point	Ca 212°F
pH Concentrate pH at use dilutions	12-14 9-11	Solubility in Water	Complete
Volatile Organic Compounds	4 %	Evaporation Rate	Similar to water

SECTION 10: Stability and Reactivity

Reactivity;	Avoid metal and aluminum at full concentration.
Chemical stability;	Stable under recommended storage conditions.
Possibility of hazardous reactions;	No data available.
Conditions to avoid	No data available.
Incompatible materials;	Oxidizers, acids, chlorine, metal and aluminum.
Hazardous decomposition products.	No data available

SECTION 11: Toxicological Information

IARC	2B- Group 2B: Possibly carcinogenic to humans (diethanolamine).
ACGIH	No component of this product is present at levels greater than or equal to 0.1% is identified as a probable, possible or confirmed human carcinogen by ACGIH
NTP	No component of this product is present at levels greater than or equal to 0.1% is identified as a probable, possible or confirmed human carcinogen by NTP
OSHA	No component of this product is present at levels greater than or equal to 0.1% is identified as a probable, possible or confirmed human carcinogen by OSHA

Cocoamide DEA CAS 68803-42-9
 Oral (LD50), Acute 12200 mg/kg – rat
 Liver irregularities based on human evidence.

SECTION 12: Ecological Information

Cocoamide DEA CAS 68803-42-9
 Ecotoxicity in water (LC50) 3.6mg/l Fish-brachydanion rerio- 96 hours.
 4.2mg/l 24 hours Daphia magna

SECTION 13: Disposal Considerations

Offer surplus and non-recyclable solutions to a licensed disposal company. Contact a licensed professional waste disposal service to dispose of this material.

SECTION 14: Transport Information

Not US DOT regulated for transportation

SECTION 15: Regulatory Information

No chemicals in this material are subject to the reporting requirements of SARA 302, Diethanolamine CAS 111-42-3 is a SARA 311/312 chemical. Acute Health Hazard, Chronic Health Hazard. Dipropylene glycol methyl ether CAS 34590-94-8 is a SARA 311/312 chemical, Acute Health Hazard, Fire Hazard. Diethanolamine CAS 111-42-3 is a SARA 313 TRI reporting chemical.

Dipropylene glycol methyl ether CAS 34590-94-8 is a PA Right-to-Know chemical
 Diethanolamine is a NJ, PA, MA, RI Right-to-Know chemical

This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Cocamide DEA CAS 68803-42-6 listed June 22, 2012. Diethanol Amine CAS 111-42-3 listed June 22, 2012

SECTION 16: Other Information

Revision prepared 09/21/2017 by Gene Ricciardelli in accordance with OSHA 29 CFR 1910.1200, for USA use only.
 Previous Version Dated 06/15/2015

DISCLAIMER: Whereas the use and handling of this product is not within the control of Next-Gen Supply Group, it is the responsibility of the user to determine the suitability of the product for its intended application. The user assumes all risk and liability for the safe use of the product, utilizing the information provided in this document as a guide. Next-Gen Supply Group accepts no liability for damages or loss incurred from the misuse and mishandling of this product.
