SECTION 4: First Aid Measures (continued)					
Most important symptoms/effects delayed.	s, acute and	Acute exposure may cause skin irritation or eye irritation.			
Immediate medical attention and treatment, if necessary	special	Move victim to fresh air. Immediately call poison center, 911 or medical aid.			
SECTION 5: Fire-fighting Measures					
Suitable extinguishing media.		Dry chemical, CO ₂ , alcohol resistant foam or water spray			
Specific hazards arising from the	chemical	None known. Move containers from fire area if you can without risk			
Special protective equipment and precautions for fire-fighters.	d	Wear positive pressure, self-contained breathing apparatus (SCBA). Wear chemical protective clothing specifically recommended by the manufacturer. It may provide little or no thermal protection.			
Emergency Response Guide Nur	nber	Not applicable			
SECTION 6: Accidental Release Measures					
Personal precaution, protective equipment and emergency procedures.	uipment and emergency				
Environmental precautions. Prevent entr		y into waterways, sewers, basements or confined areas. Collect spillage.			
Methods and materials for containment and cleaning up.confined are transfer to c		you can without risk. Prevent entry into waterways, sewers, basements or eas. Absorb or cover with non-combustible absorbent material and ontainers. Collect spillage. Contact a licensed professional waste disposal spose of this material.			
SECTION 7: Handling and Storage					
Precautions for safe handling.	Do not eat, drink or smoke in areas where this material is used. After handling, alw wash hands thoroughly with soap and water. Wear protective nitrile gloves, clothi and eyewear. Use only with adequate ventilation/personal protection. Avoid strong oxidizing agents and metals.				
Conditions for safe storage , flames and of including any incompatibilities. from incomp		the reach of children. Store away from heat, hot surfaces, sparks, open ther ignition sources. Store container in a cool, dry, ventilated area away patible materials. Keep container tightly closed and properly labeled. inal container. Do not store in ferrous containers.			

SECTION 8: Expo	sure Co	ntrols/	Pers	onal Protec	tion		
Component	CAS	¥ 1	Гуре	Value	Basis		
		Т	'WA	1ppm	USA ACGIH Threshold Limit Values (TLV)		
	7722-84-1		'WA	1ppm 1.4 mg/m3	USA, NIOSH Recommended Exposure Limits		
Hydrogen Peroxide			'WA	1ppm 1.4 mg/m3	USA, Occupational Exposure Limits (OSHA)-Table Z-Limits for Air Contaminants		
		Т	'WA	1ppm 1.4 mg/m3	USA, OSHA-Table Z-1 Limits for Air contaminants – 1910.1000		
Remarks: Eye, skin and	upper resp	iratory	tract ir	ritation, Confir	med animal carcinogen with unknow	n relevance to humans.	
Control parameters					ood industrial hygiene and safety praworkday. Wear eye and skin protecti		
			le local ventilation. Respiratory equipment is not required. For nuisance ures use type OV/AG (US) respiratory cartridges.				
measures with the			e with nitrile gloves. Gloves must be inspected prior to use. Avoid skin contact nis product. Eye protection is recommended. Avoid eye contact. Long term ure could irritate skin and eyes.				
SECTION 9: Phys	ical and	Chem	ical F	Properties			
Appearance	Clear li	quid			Boiling Point	Ca 212°F	
Odor	No frag	No fragrance added			Odor threshold	No data available	
pH at concentrate	4.2-5.0	4.2-5.0			Volatile Organic Compound	0%	
pH at use dilution	6.5-7.5				Solubility in Water	Complete	
Specific Gravity	1.01-1.	1.01-1.03			Evaporation Rate	Similar to water	
SECTION 10: Stat	oility and	Reac	tivity		-		
Reactivity			No data available.				
Chemical stability			Stable under recommended storage conditions.				
Possibility of hazardous reactions			No data available.				
Conditions to avoid			No data available.				
Incompatible materials			Zinc, powdered metals, iron, copper, nickel, brass, iron and iron salts.				
Hazardous decomposition products			No data available

SECTION 11: Toxicological Information				
3 - Group 3: Not classifiable as to its carcinogenicity to humans (Hydrogen peroxide)				
No component of this product is present at levels greater than or equal to 0.1% is identified as a probable, possible or confirmed human carcinogen by ACGIH				
No component of this product is present at levels greater than or equal to 0.1% is identified as a probable, possible or confirmed human carcinogen by NTP				
No component of this product is present at levels greater than or equal to 0.1% is identified as a probable, possible or confirmed human carcinogen by OSHA				
al Information	<u>Hydrogen Peroxide CAS 7722-84-1</u> RTECS: Not available. To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated. Liver - Irregularities - Based on Human Evidence. Stomach - Irregularities - Based on Human Evidence (Hydrogen peroxide)			
	3 - Group 3: Not c No component of possible or confir No component of possible or confir No component of possible or confir			

SECTION 12: Ecological Information

No data available.

SECTION 13: Disposal Considerations

Dispose of contents/container in accordance with local/state/federal and international regulations. Collect spillage. Offer surplus and non-recyclable solutions to a licensed disposal company. Burn in a chemical incinerator equipped with an afterburner and scrubber but exert extra care in igniting as this material is highly flammable. Contact a licensed professional waste disposal service to dispose of this material. Dispose of contaminated packing as unused product.

SECTION 14: Transport Information

Not US DOT regulated

SECTION 15: Regulatory Information

Hydrogen Peroxide CAS 7722-84-1 is subject to reporting levels established by SARA Title III, Section 302 Hydrogen Peroxide CAS 7722-84-1 is a SARA 311/312 Hazards: Acute Health Hazard, Chronic Health Hazard This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

Hydrogen Peroxide CAS 7722-84-1 is a NJ, PA, MA Right-to-Know chemical

California Prop. 65: This product does not contain any chemical known to the state of California to cause cancer, birth defects, or any other reproductive harm.

This product meets Green Seal[™] Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.

SECTION 16: Other Information

Prepared 11/08/2022 by Gene Ricciardelli in accordance with OSHA 29 CFR 1910.1200, for USA use only.

DISCLAIMER: Whereas the use and handling of this product is not within the control of Next-Gen Supply Group, it is the responsibility of the user to determine the suitability of the product for its intended application. The user assumes all risk and liability for the safe use of the product, utilizing the information provided in this document as a guide. Next-Gen Supply Group accepts no liability for damages or loss incurred from the misuse and mishandling of this product.
