

Squeeze 'N' Pour

PRODUCT DATA SHEET

11 SCRUB-MATE

Scrub & Recoat Cleaner

Biodegradable, with no VOCs, this environmentally responsible floor cleaner is specifically designed for the interim maintenance procedure of scrubbing and recoating. The ideal product to help extend the time between restorative stripping procedures, saving time and labor. Aggressively removes embedded soils and scuffs in the top layers of floor finish, and prepares the surface for re-coating with minimal rinsing required.

DIRECTIONS FOR USE

Dilute with cold water.

Recommended dilution 1:64.

For use as a neutral cleaner:

1. Add 2-4 ounces of Scrub-Mate to 1 gallon of cold water.
2. Wash floor using a damp mop. Change solution as needed. No rinse required.
3. If using Scrub-Mate in an automatic scrubber use 2-4 ounces per gallon of cold water.

For use as a pre-finish neutralizer after stripping or deep scrubbing:

1. Use the same as above.
2. Wait until floor has dried before applying floor finish.

For buffing programs:

Use Scrub-Mate at recommended dilutions on days with no scheduled buffing. On days scheduled for buffing, for best results, apply a maintainer/restorer prior to buffing.

Refer to the Safety Data Sheet (SDS) for detailed safety, health and environmental information.

SPECIFICATIONS

pH as provided	11-12
pH at use dilution	8.5-9.5
Color	Blue
Odor	Wintergreen
Water Solubility	100%
Specific Gravity	1.01
VOC	0%

Recommended personal protection:

Protective gloves and eyewear are recommended but not required when used as directed.

Recycling container recommended. Dispose of unused concentrate in accordance with local, state, and federal regulations.

The consequences of improper use or improper dilution are residue buildup or reduced effectiveness, as well as an increased risk of adverse health effects.

PACKAGING

Available in 70-ounce bottles and 1-quart Squeeze 'N' Pour auto measuring containers.
