

PRODUCT CENTRAL 110 MAINTAINER

Product Central 110 Maintainer is a high- or low-speed maintainer for acrylic and acrylic/urethane floor finishes. It is used as a mop-on product. Maintainer not only gives a high gloss and wet look, it is also a cleaner. Maintainer may be used in automatic scrubbers or may be used with a low- or high-speed machine when top-scrubbing the floor.

Increases slip resistance. Economical to use. Restores gloss and appearance without finish buildup. Does not soften finish surface. Burnishes out quickly for productivity.

DIRECTIONS FOR USE:

- Dispense automatically with all Product Central Express Dispensers.
- Simply damp mop the floor using Maintainer.
- Let the floor dry.
- Buff/burnish to a remarkable gloss.
- Maintainer can also be used in a spray bottle for light spray buffing and the removal of stubborn black marks.

Refer to the Safety Data Sheet (SDS) for detailed safety, health and environmental information.

Improper use or dilution may increase the risk of health effects and affect product effectiveness.
