

SECTION 1: Identification

Product Name	PC115 Heavy Duty Washroom Cleaner	Item Code	PC115
Recommended Use	Hard surface washroom and shower cleaner concentrate		
Supplier	Next-Gen Supply Group 11 Norfolk Street Mansfield, MA 02048 877-452-6726	Emergency Telephone	
		INFOTRAC: 1-800-535-5053	

SECTION 2: Hazard(s) identification

WARNING 	Hazards not otherwise classified or not covered by GHS		
	Right to know chemicals. Acute and Chronic Health Hazards		
Hazard Statement	Hazard Class (GHS Chapter)	Hazard Category	
Causes serious eye irritation	Serious eye irritation (Chapter 3.3)	1	
May be harmful if swallowed	Acute Toxicity, oral (chapter 3.1)	4	

Precautionary Statement

Wash face and hands and exposed skin thoroughly after handling.
 Wear protective nitrile gloves, protective clothing and safety eyeglasses.
 If swallowed, call a poison center or a medical professional if you feel unwell.
 If in eyes, rinse carefully with water for several minutes. Remove contact lenses if easy to do. Continue rinsing.
 If eye irritation persists, get medical attention.
 Rinse mouth, if swallowed.
 Dispose of contents/container in accordance with local/state/federal and international regulations.
 Offer surplus and non-recyclable solutions to a licensed disposal company.

SECTION 3: Composition/Information on Ingredients

Chemical identity	Common name, synonyms, etc.	CAS #	%
Organic Salt	Patented	506-89-8	29-32

SECTION 4: First Aid Measures

If medical advice is needed, have product container or label at hand.

Necessary measures for routes of exposure	IF SWALLOWED: Immediately call a POISON CENTER or doctor. Rinse mouth. DO NOT induce vomiting. Call Poison Center, 911 or emergency medical service.
	IF ON SKIN: Product is non-corrosive to skin. Prolonged repeated contact may cause irritation.
	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
	IF IN EYES: Rinse carefully with water for several minutes. Remove contact lenses if easy to do. Continue rinsing. This product has an acute eye irritation.
Most important symptoms/effects, acute and delayed.	Acute exposure may cause eye damage or skin irritation.
Immediate medical attention and special treatment, if necessary	Do not breathe dusts or mists Move victim to fresh air. Immediately call poison center, 911 or medical aid.

SECTION 5: Fire-fighting Measures

Suitable extinguishing media.	Dry chemical, CO ₂ , alcohol resistant foam or water spray
Specific hazards arising from the chemical	May cause eye irritation. Do not touch or walk through spilled area. Water spray may reduce vapor. Do not breathe mist of vapor.
Special protective equipment and precautions for fire-fighters.	Wear positive pressure, self-contained breathing apparatus (SCBA). Wear chemical protective clothing specifically recommended by the manufacturer. It may provide little or no thermal protection.
Emergency Response Guide Number	NA

SECTION 6: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures.	Chemically protective gloves, clothing and safety eyewear are required. Remove sources of ignition. Do not breathe mist or vapor. Evacuate personnel to safe areas.
Environmental precautions.	Prevent entry into waterways, sewers, basements or confined areas. Collect spillage. Discharge into the environment must be avoided.
Methods and materials for containment and cleaning up.	Absorb or cover with dry earth, sand or other non-combustible absorbent material and transfer to containers. Collect spillage. Contact a licensed professional waste disposal service to dispose of this material.

SECTION 7: Handling and Storage

Precautions for safe handling.	Do not eat, drink or smoke in areas where this material is used. Avoid contact with eyes. Avoid inhalation of vapor or mist. After handling, always wash hands thoroughly with soap and water. Wear nitrile gloves, protective clothing, and safety eyewear. Use only with adequate ventilation/personal protection.
Conditions for safe storage, including any incompatibilities.	Store containers in a cool, dry, ventilated area away from sources of ignition and incompatible materials. Keep containers tightly closed and properly labeled. Store in original containers.

SECTION 8: Exposure Controls/Personal Protection

Control parameters	Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and after the workday. Collect spillage.
Appropriate engineering controls	Respiratory equipment is required where risk assessment shows air-purifying respirators are appropriate. Use a full-face respirator with multi-purpose combination or type ABEK respirator cartridges as a backup to engineering controls. Provide local ventilation.
Individual protection measures	Handle with nitrile gloves which have been inspected prior to use. Safety eyewear is required. Avoid eye contact. Long term exposure could irritate skin and eyes.

SECTION 9: Physical and Chemical Properties

Appearance	clear green liquid as concentrate, blue liquid when dilution	Volatile Organic Compound	<1%
Odor	Floral odor	Flash Point/Boiling Point	>200°F -Cleveland Open Cup
Specific Gravity	1.00-1.05 g/ml	Solubility in Water	Complete
pH Concentrate pH as Used	0.2-0.5 0.8-1.2	Evaporation Rate	Similar to water

SECTION 10: Stability and Reactivity

Reactivity	No data available.
Chemical stability	Stable under recommended storage conditions.
Possibility of hazardous reactions	No data available.
Conditions to avoid	Heat, flames and ignition sources.
Incompatible materials	Strong oxidizing agents.
Hazardous decomposition products	No data available

SECTION 11: Toxicological Information

IARC	No component of this product is present at levels greater than or equal to 0.1% is identified as a probable, possible or confirmed human carcinogen by IARC.
ACGIH	No component of this product is present at levels greater than or equal to 0.1% is identified as a probable, possible or confirmed human carcinogen by ACGIH
NTP	No component of this product is present at levels greater than or equal to 0.1% is identified as a probable, possible or confirmed human carcinogen by NTP
OSHA	No component of this product is present at levels greater than or equal to 0.1% is identified as a probable, possible or confirmed human carcinogen by OSHA
Additional Information	Benzyl chloride chemicals are toxic to aquatic life. Corrosive to skin and eyes. Testing of the individual components has not been performed. Harmful if swallowed

SECTION 12: Ecological Information

Organic Salt

506-89-8

Ecotoxicity

96 hour LC₀>140ml/L(rainbow trout), 48 hour LC₅₀ 71.1mg/L(ceriodaphnia dubia), 15 minute IC₅₀, 16.23% effect at a concentration of 10mg/L (vibrio fischeri,4H6002)**SECTION 13: Disposal Considerations**

Dispose of contents/container in accordance with local/state/federal and international regulations. Collect spillage. Offer surplus and non-recyclable solutions to a licensed disposal company. Contact a licensed professional waste disposal service to dispose of this material. Dispose of contaminated packing as unused product.

SECTION 14: Transport Information

Not US DOT regulated for ground transportation

SECTION 15: Regulatory Information

This material does not contain any components subject to the reporting requirements of SARA Title III, Section 313.
This material does not contain any components subject to the reporting requirements of SARA Title III, Section 302.
This material does not contain any components subject to SARA 311/312.

California Prop. 65: This product does contain a chemical know to the State of California to cause cancer. This product contains a chemical known to the state of California to cause birth defects or other reproductive harm.

SECTION 16: Other Information

Revision prepared 06/13/2016 by Gene Ricciardelli in accordance with OSHA 29 CFR 1910.1200, for USA use only.

DISCLAIMER: Whereas the use and handling of this product is not within the control of M.D. Stetson Company, Inc., it is the responsibility of the user to determine the suitability of the product for its intended application. The user assumes all risk and liability for the safe use of the product, utilizing the information provided in this document as a guide. M.D. Stetson Company, Inc. accepts no liability for damages or loss incurred from the misuse and mishandling of this product.
