

PRODUCT DATA SHEET

CAR & TRUCK CLEANER FOR INDUSTRIAL USE

Car & Truck Cleaner is specially designed to remove heavy grease, soil, and tar spots from motor vehicles. Formulated with anti-corrosion inhibitors for safe use on painted and aluminum surfaces. Can also be used on glass and mirrors.

Safe, effective and economical to use. Car & Truck Cleaner is an aqueous blend of anionic and nonionic surfactants together with inorganic alkalis and grease solvents for easy soil removal. Dissolves completely in hot or cold, hard or soft water, and will not leave a film-forming residue. Car & Truck Cleaner is particularly effective when used in a pressure washer.

DIRECTIONS FOR USE:

Dilution ratio depends upon degree of soiling & weather conditions.

Regular Car & Truck Washing:

- Use from 1 to 4 oz. per gallon of water (1:128 to 1:32).
- Rinse with clear water.

For Unusually Heavy Oil & Grease Conditions:

- Use from 8 to 12 oz. per gallon of water (1:16 to 1:10).
- Rinse with clear water.

To Remove Tar:

- Spray diluted on tar buildup.
- Allow to soak 2 to 3 minutes.
- Wipe off and rinse with clear water.

SPECIFICATIONS

Appearance	Blue clear liquid
Fragrance added	None
pH	12.0-14.0
Specific gravity	1.01-1.02
Non-volatiles	11% ± 0.2%
Freeze stability	not affected by freezing
Foam generation.....	controlled low foam
Detergency.....	excellent

Refer to the Safety Data Sheet (SDS) for detailed safety, health and environmental information.

PACKAGING:

All packaging sizes available through special order only.
